

< episode begins with O'Brian running around in circles>

O'Brian: No! I can't die!

Kelen: Will you just calm down!

Jasper: Maybe Kelen said something wrong.

Kelen: You are saying I am wrong?

Jasper: Well maybe in this situation you are?

O'Brian: I can't die!

Kelen: -sighs- You will be fine, as long as you are around the rest of us.

Jasper: How do you know this Kelen?

Kelen: I know about it because I could tell that as soon as the whispers started that someone was headed here.

Jasper: Well someone is here. Valarie is here and so far she has made no attempt at wanting to kill O'Brian.

O'Brian: Maybe she is wrong.

Kelen: I am not wrong. When communications go down, it means someone is headed here. And typically after that they come to kill the leader and take command.

O'Brian: That kind of stuff only happens in movies though.

Kelen: It happened to me before, so just trust me.

Jasper: We should trust our teammates...

Kelen: Then do it.

O'Brian: Fine, but I still call the shots around here. And if someone has really come here to kill me, well then they are going to have a hard time of doing it.

Jasper: A boost of confidence, nice.

O'Brian: No. I am just going to pull a Collins and hide, they can't find me then!

<he attempts to run, but Kelen steps in front of him>

Kelen: If you stay... this will be the first in a long time that you will get respect from me.

O'Brian: Why do I care about respect? I want to live!

Kelen: And we can protect you. Everyone here has rough ends, but we have shown that we can help each other out.

O'Brian: Hmm. Fine.

Jasper: Take it like this, if you live, then you can brag to everyone about what a good squad you have.

O'Brian: True.

Kelen: We should go tell the other two that we are going to get some company soon.

Jasper: I will stay here and watch Valarie. She could be waking up any time soon and I am sure I can get some information out of her. Good luck guys.

O'Brian: Thanks.

<O'Brian and Kelen then leave>

<this whole time Jasper has been in active camo and looks at Valarie>

Jasper: Where did you come from...

Valarie: Ugh...

<she then slowly wakes up>

Valarie: I am so sick of cheap shots...

<she looks around and sees no one>

Jasper: Hey there.

Valarie: GHOST!

<she shoots off a random shot and it hits nowhere near Jasper>

Jasper: Calm down, I was the one who knocked you out.

Valarie: why would that calm me down?

Jasper: Well... I guess it wouldn't. But you should stay calm anyways, I don't want to fight you, rather find out some stuff about you.

Valarie: What do you possibly want to know?

Jasper: A lot of things. Why you are here? What type of socks you are wearing. That kind of thing.

Valarie: Well you are not going to get me to talk.

Jasper: I think I will.

<there is someone silence>

Valarie: You are right.

Jasper: Wow that was a lot easier than I thought. So answer the simple question first. What are you doing here?

Valarie: I come from a place known as Trident Mercenary Group. My job, well it is simple as it comes. A mercenary, trained to kill and a nice bonus each time a job is done. I left it though. It wasn't like the place didn't suit me, but there was a mission that I just could not finish and they did not like that. So here I am. Hiding and looking for a way out. You said you guys are trapped here, well so am I. And whoever is doing it is aiming to kill your, O'Brian, and then I am sure they are here to kill me as well.

Jasper: That is... a lot to take in.

Valarie: You asked a background and there it is. I seriously doubted you meant my whole life story.

Jasper: Those are always nice...

Valarie: No.

Jasper: Ok, well right now you are a threat and we can't just let you go.

Valarie: I agree, but I can help as well.

Jasper: What do you mean?

Valarie: If they are coming and my life is on the line, I will use any way to protect myself and not get caught. Even if that means working with you guys.

Jasper: Well... that does make sense. But who is to say you will not betray us afterwards?

Valarie: I won't and maybe if I like you guys enough, I will even make myself a recruit here.

Jasper: Hmm... I don't know. Right now you are going to stay here with me and we will see what the others think when they get back.

Valarie: If they do come back...

<the camera then goes to the other four, with Kelen and O'Brian walking up to Jones and Collins>

O'Brian: Man, it feels good for us to be all together.

Jones: Nice as in no one is being threatened or missing, and then yeah I guess it is nice.

Collins: What happened to the other girl?

O'Brian: Jasper is watching her for now. But what we really need to talk about...

Kelen: -whispers to O'Brian- Do you think it wise to tell them about your situation?

O'Brian: They are part of our squad, they should know.

Collins: What happened in the time we were gone?

Jones: You guys are being all close and ... gross like.

Kelen: It is nothing; I believe O'Brian has something to tell you guys.

O'Brian: -coughs and then begins to sob-

Collins: Is he ok?

O'Brian: I-i-i

Kelen: -sighs- He...

O'Brian: I'm going to die! -cries-

Jones: We are all going to die someday, some of us sooner than the others. I came up with a theory that women and those not as handsome as me are going to die sooner. It make perfect sense.

Collins: Is he being serious?

Kelen: O'Brian or Jones?

Collins: Jones of course... no! O'Brian.

Kelen: Yes, he is telling the truth.

Jones: They finally caught you for that candy bar huh O'Brian?

O'Brian: No... it is just that Kelen said that someone was coming after me.

Jones: Why does he get to be the criminal!?

Kelen: It is nothing like that. Someone is going to come and try and kill O'Brian. Not because of a candy bar, but because he is the leader here. Who knows when they come, but we should be ready for it.

Collins: You must be one lucky man O'Brian.

O'Brian: Why do you say that?

Collins: If Valarie was coming here to kill you, then that must mean a team of women are coming after you. You are desirable man number one.

Kelen: Seriously...

O'Brian: That does make me feel a little bit sexier, even though I never lost that sexiness.

Jones: So wait... there are going to be more women coming here? You have got to be kidding me!

Collins: Way to go man.

Kelen: Idiots... who knows if Valarie was here to kill O'Brian. She is being watched and right now we should get the base ready for any type of attack.

O'Brian: Do you mind if I interrupt.

Kelen: You never asked before...

O'Brian: But, I just want to say it.

Kelen: Fine, go right ahead.

O'Brian: BATTLE STATIONS!

<silence and a slight chirping of crickets>

Collins: I believe they only say that when people are actually being attacked.

O'Brian: I don't care, I said it and I am... slightly happier. And I want everyone's determination to protect me!

Jones: Uh huh... what now?

O'Brian: Just go to your stations...

<they split off and then the camera goes back to Jasper and Valarie>

<Jasper finally exits active camo and looks at Valarie>

Valarie: There you are.

Jasper: Hey, wait you said you were on our side.

Valarie: Sorry, but it was a lie.

<the screen goes black and there is the sound of a bullet going off>
